

PEOPLE MAKE THE LIBRARY

FROM THE ARTS TO THE HEARTS

THE TRANSFORMATIVE POWER OF MARVILA PUBLIC LIBRARY

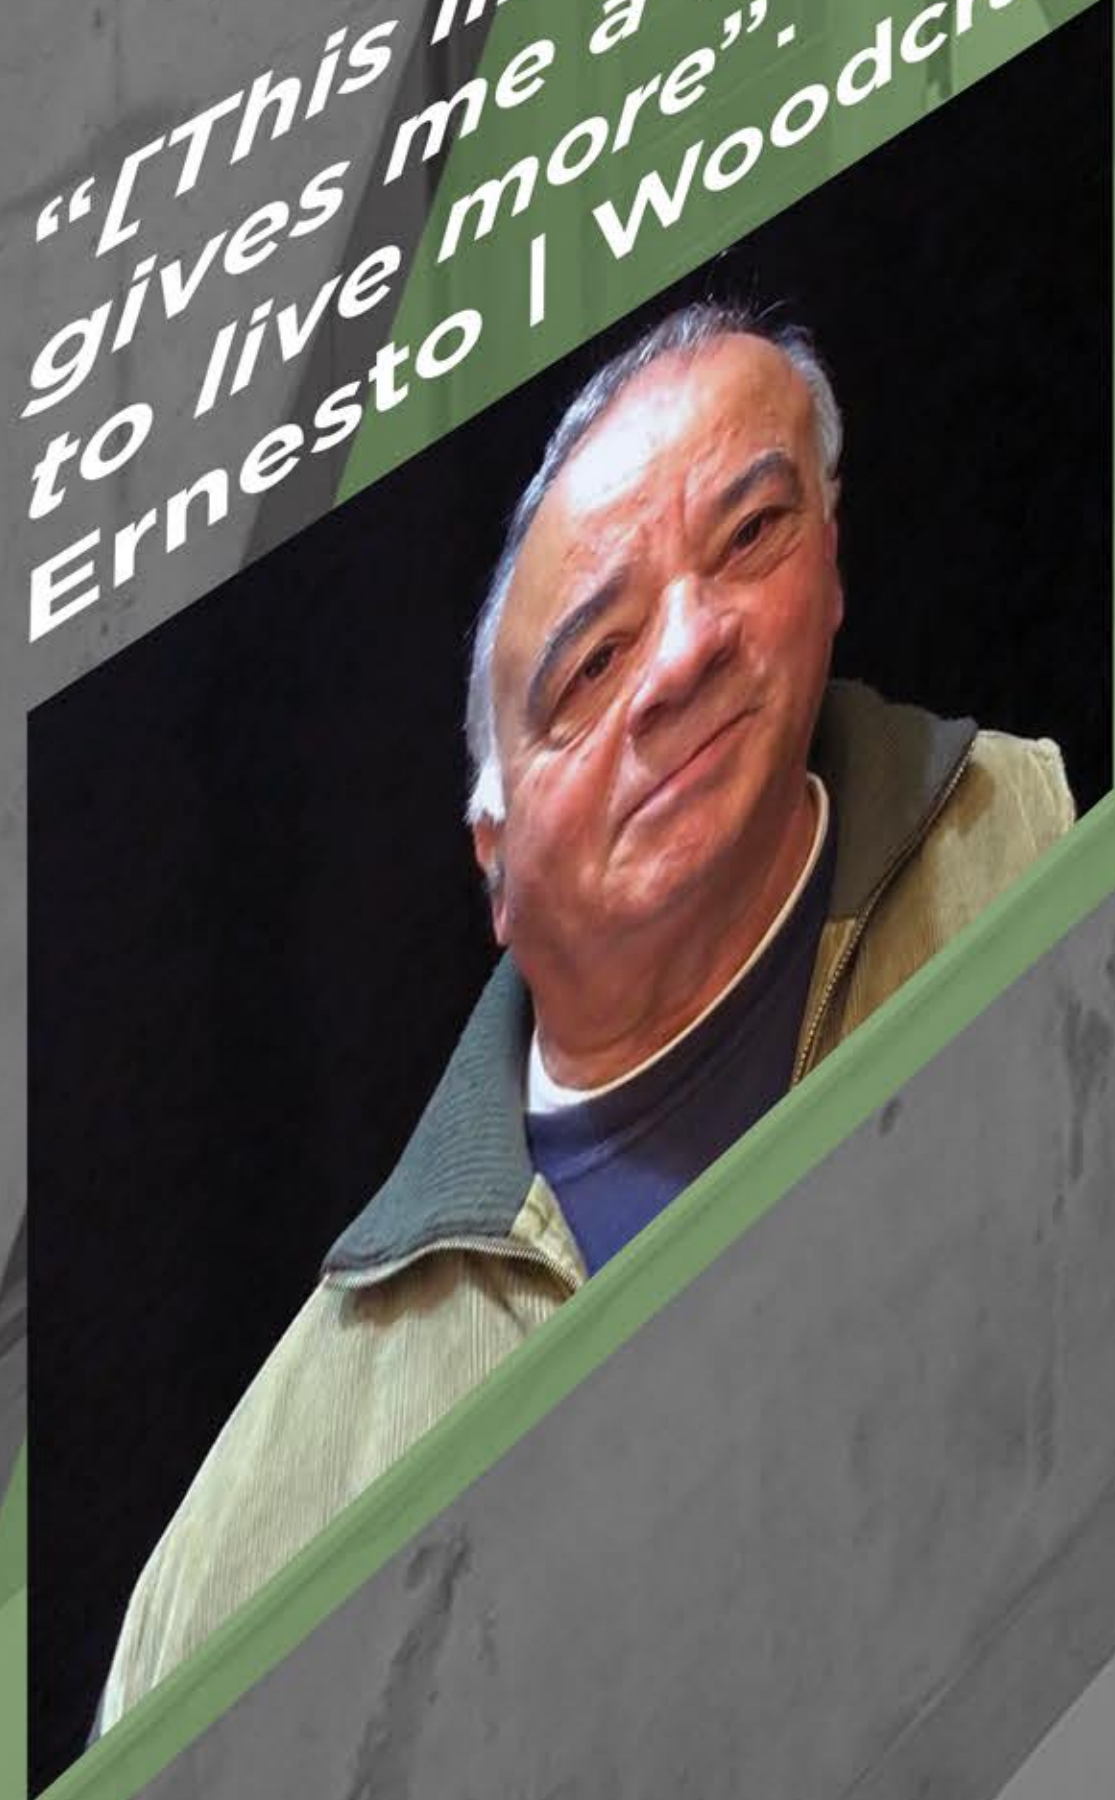

"I like Marvila, it's in my heart, and the library too".
LS | Street Art

"It changed my life because I felt happier".
Cila | Theater

"[This library] gives me a will to live more".
Ernesto | Woodcraft

Marvila Public Library was opened in 2016, in a stigmatized neighbourhood with a wide range of cultures. This library is the result of a participative community process, so since its very first day, it became a space for empowerment, inspiration, creation and, most of all, inclusion.

The library doesn't do social work, but its daily activity and partnerships are generating a real positive social impact.

WE TRULY BELIEVE THAT THE ARTS ENCOURAGE LIFE LONG LEARNING BY PROVIDING MOTIVATION, BUILDING SKILLS AND FOSTERING VALUES.

The Arts, such as Street Art, Theater, Woodcraft and others, are our most powerful tool to build cohesive and inclusive community in Marvila. We believe that everyone is touched by the Arts, so it will continue to transform the lives of this community and bring about true growth in the neighbourhood.

OUR BELIEF IS ALREADY TRANSFORMING REAL PEOPLE'S LIVES.
